为服务构建以国内大循环为主体，国内国际双循环相互促进的新发展格局，更广泛地推介中国食品出口名优品牌，助力中国食品行业高质量发展，中国食品土畜进出口商会特推出《中国食品出口品牌优选》。

近年来，中国食品年出口额已连续多年超过600亿美元，中国食品出口企业不断提升食品安全质量水平，培育了一批畅销全球的食品出口品牌。

中国食品出口品牌的发展经历了三个阶段。第一阶段是新中国成立到改革开放前。这期间，中国粮油食品进出口总公司作为中国食品出口创汇的主力，创立了一批食品品牌，在国际市场产生广泛的影响力。地方专业外贸公司也培育出一批畅销海外的品牌。第二阶段是改革开放后到中国加入世界贸易组织前。这期间涌现出一批经营规模超百亿元人民币的品牌企业，通过品牌效应提高产品竞争力，扩大了市场占有率。第三阶段是加入世界贸易组织至今，江苏黎明食品集团有限公司、漳州市陈字贸易有限公司等一批在食品细分行业坚持走专业化道路的企业，通过强化品牌营销、技术创新和全产业链发展，脱颖而出成为细分领域的“隐形冠军”。

随着移动互联网的兴起，电子商务蓬勃发展，中国食品出口品牌的发展进入新阶段，扎根于外贸食品出口基地的一批特色食品企业成为新生力量。目前，已经获得商务部认定的国家外贸转型升级基地达97家，其中很多企业积极转型创新，在强产品、强品牌方面，坚持不懈，精益求精，具备了较强的与国内外品牌同场竞技的能力。

本报告入选的品牌企业均为广交会食品展区品牌展位的参展企业。作为当前中国食品出口品牌领军企业，他们长期注重品牌建设和产品研发创新，拥有多项国际认证。有的企业国外注册商标历史已长达90多年，在海外市场有着较高的知名度，深受海外客商和国外消费者的欢迎，代表着中国食品出口行业的领先水平。

《中国食品出口品牌优选》将面向国内外专业人士、组织机构、企业和驻华及驻外使领馆发放，同时利用国内外大型专业展会平台进行推介。我们希望业内人士能够藉此进一步了解中国食品出口品牌的发展，助力中国食品出口品牌企业更广泛地拓展市场，续创辉煌。

# 前言

In order to serve the establishment of a new development pattern in which domestic and foreign markets boost each other with the domestic market as the mainstay, promote China's food export brand more widely, and facilitate the high-quality development of China's food industry, China Chamber of Commerce for I/E of Foodstuffs, Native Produce & Animal By-Products (CFNA) hereby presents “Superior Export Food Brands of China”.

In recent years, China's annual food export has exceeded US\$60 billion for consecutive years. Chinese food export companies have continuously improved their food safety and quality levels, and have cultivated a number of food export brands that sell well all over the world.

The development of China's food export brands has gone through three stages. The first stage starts from the founding of the People's Republic of China in 1949 to before the reform and opening-up in 1978. During this period, China National Cereals, Oil and Foodstuffs Import and Export Corporation, as the main force of China's food export to earn foreign exchange, cultivated brands that have extensive influence in the international market. A number of professional foreign trade companies at provincial level also cultivated brands that sell well overseas. The second stage is from 1987 to 2001 when China entered WTO. During this period, a number of brand enterprises with operating scales exceeding RMB 10 billion emerged. They improved their product competitiveness through brand effects and expanded their market share. The third stage is from 2001 till now. A group of companies that insist on professional paths in the food sub-industry, like Jiangsu Liming Food Group Co., Ltd., and Zhangzhou Tan Co., Ltd., stood out and became the "hidden champion" in the segmented field by strengthening brand marketing, technological innovation and whole industry chain development.

With the rise of the mobile Internet and the vigorous development of e-commerce, the development of China's food export brands has entered a new stage, and a number of specialty food companies rooted in food export bases have become new forces. At present, there are 97 national-level foreign trade transformation and upgrading bases recognized by the Ministry of Commerce of China. Many of these companies actively transform and innovate, persevere and strive for perfection in terms of good products and good brands, and have strong ability to compete with domestic and foreign brands.

The selected brand companies in this report are all exhibitors at the brand booths in the food exhibition area of Canton Fair. As the leading companies in China's food export brands, they have long focused on brand building and product development and innovation, and have many international certifications. Some companies have registered trademarks abroad for more than 90 years and have a high reputation in overseas markets. They are well received by overseas merchants and foreign consumers, and represent the leading level of China's food export industry.

The "Superior Export Food Brands of China" will be distributed to domestic and foreign professionals, organizations, enterprises, and embassies and consulates in China and abroad. At the same time, it will be promoted by large-scale professional exhibition platforms at home and abroad. We hope that people in food industry could use it to further understand the development of China's food export brands, and help China's food export companies to expand their markets more widely and continue to create a bright future.

## 中国食品土畜进出口商会简介

China Chamber of Commerce for Import & Export of Foodstuffs, Native Produce & Animal By-Products (CFNA) was established in September 1988. CFNA aims to coordinate and regulate trade, services and related activities in the grain and oil, food, native products, and livestock industries; carry out consulting services; protect fair competition; safeguard the legitimate rights and interests of the nation, industry and its members; maintain the normal business order of trade, services and related activities; promote member companies to assume social responsibilities; and boost the healthy development of China's grain and oil, food, native products, and livestock industries.

The membership of CFNA has exceeded 7000 companies, including the largest and the most representative companies in the industry, and a large number of small-and-medium-sized enterprises. The product line of CFNA members includes cereal, oil, oil seed, fresh and dried vegetable and fruit, poultry, meat, seafood, tea, alcoholic beverages, etc.

CFNA has 12 departments, 42 chambers of commodities, and Beijing Jinsui Exhibition Center. CFNA's staff is proficient in commodity expertise, familiar with domestic and foreign markets, familiar with the industry and enterprises, and keeps close and extensive contacts with relevant government departments and institutions. CFNA has established business relations with more than 400 industrial organizations domestically and internationally. It holds and organizes exhibitions and seminars at home and abroad, and conducts trade promotion activities. CFNA serves the industry and member companies, and plays an active role in maintaining import and export order, protecting fair competition, safeguarding the legitimate rights and interests of the industry and members, exploring domestic and international markets, promoting industrial transformation and upgrading, and developing self-discipline in the industry.
